## INDUSTRY-LEADING, BATTERY-POWERED AIR CONDITIONERS

S <sup>1</sup> MODEL	12V
Rated Voltage	12V
ECO Mode (Ambient 85°F)	30-31A
STRONG Mode (Ambient 85°F)	47-50A
Rated Cooling Capacity	9,600 BTU
Rated Power	960W
Air Volume	350ft <sup>3</sup> /m
Fuse Size	100A
Under Voltage Protection	11.2A
Under Wattage Recovery	12.5A
Weight	8.8lbs Interior   39.7lbs Exterior
Exterior Unit Size	25" x 17 <sup>5</sup> / <sub>8</sub> " x 6 <sup>5</sup> / <sub>8</sub> "
Interior Unit Size	20 <sup>3</sup> / <sub>4</sub> " x 10 <sup>1</sup> / <sub>4</sub> " x 6 <sup>3</sup> / <sub>4</sub> "
Operational Parameters	Humidity ≤90%   5°F to 118°F
Maximum Compressor Tilt	5°
Lowest Cool Temperature	41°F (to 86°F)
Refrigerant Type / Pressure	R134a @ 600g ±30g
Refrigerant Oil	POE68
Blower Fan Speed Range	1,600 - 3,800 RPM
Power Wire Specs (AWG)	≤6.5' = 10; ≤16' = 16; >16' = 25
Warranty	One (1) Year w/ opt. 1 year ext.

An all-new, crisp  
LCD interior  
control panel

### Cool S<sup>1</sup> Features:

- Spring bushing-mounted compressor
- Quiet, brushless blower motor
- All stainless steel hardware
- Powder-coated exterior shroud
- Easy to install and remove
